Hillcrest Normal Street Promenade SANDAG/City Update SANDAG is moving forward anticipating an August groundbreaking. We are working with the Mayor's office and City Attorney to get a contract with the Hillcrest Community Foundation, to be managed by the HBA, selling tiles for fundraising.

400 Block University Avenue Civil and Structural Engineering RFP Update Staff extended RFP notice in the San Diego Business Journal for an additional two weeks and reached out to vetted engineering companies. From current bids, staff recommends contracting with Rick Engineering for survey work. Their bid for both survey and civil is \$23.8. KPFF's bid for structural is \$8K.

Survey work must be completed first in order to obtain final details regarding angles, spacing, etc. Final cost estimate for remaining civil and structural will depend upon the findings of the survey work. Once this step is complete, the updated structural and civil contracts will be brought before the Board for approval.

Uptown Streetcar Funding Discussion tabled

Social Media, AccessHillcrest Our contract with Explore Digital has been canceled. Access Hillcrest social media content will be done by in-house staff.

Conversion Requests For 1027 University Avenue bike lane delineators, local business owners are opposed to delineators, City Streets is also opposed as they plan to rip up the streets in August. Meter replacement 3700 Sixth East side is complete.
