HPC Members Excused – Cecilia Moreno, Byron Ross, Chris Shaw

Guest – Pam Schwartz

UCPD Staff – Gerrie Trussell, Jess Felix

Non-agenda Public Comment Miah Earn raised the inconsistent parking/towing signs continually posted by construction crews. These companies must give 72 hours advance notice. The protocol standards seem to be different for construction companies than neighborhood public events. Staff was directed to set up a meeting with SD police. This will be discussed as a future meeting agenda item.

Hillcrest Normal Street Promenade SANDAG/City Update SANDAG is suffering excessive staff turnover. Our Normal Street project has passed through City Council and SANDAG, but staff inconsistencies have prevented any practical motion. There is no change in our project except for a continually delayed start date, since SANDAG is selecting the contractor.

400 Block University Avenue Civil and Structural Engineering RFP Update The Hillcrest Light Canopy project will have 5 poles on the south side and 4 poles on the north side. Power directors will be on the 5 south side poles. We get 4 multiverses, offering many capabilities for lighting color display. A city official has to give the OK before we hang construction announcement banners. Permitting starts as soon as we get the CAD drawings. Asking the Board for \$1200 for banners is on the next UCPD Board meeting agenda.
